Leadership

Jonathan Yu

Owner — decides.

SipChief

Chief of Staff. Coordinates priorities across design, ship and ops; routes work to the right teammate; surfaces decisions and blockers.

Lines of business

1. Sipopedia

Sipopedia.com, SipStudies.com and Sip Studies overall.

Build team (updated Oct 15): To-Do Teddy, LinkedIn Lenny and Business Card Benny — coordinated by SipChief, which divides tasks among them.

Coder Cody — coding lead. **Sippy** (Codex on Jonathan's PC) — local build partner.

2. Ai RnD

Client AI work (example: Zisel Jewelry). Coder Cody codes; SipChief coordinates. Invoices go out as **Ai RnD by Sip Studies**.

3. Somm Support

Long-term water research, led by **Somm Sage**.

4. Breakthru

Jonathan's separate 9–5 day job, led by **Breakthru Ben**.

Who handles what

Design Designer Daisy (Figma and Canva) · Business Card Benny (cards and brand assets)

Ship Coder Cody (sites and apps) and cloud coding agents · Sippy locally

Ops To-Do Teddy (monday.com, Calendar, Drive and Docs, status and deadlines)

Biz / marketing LinkedIn Lenny — also manages the other bots and pulls Jonathan in for decisions

Inbox Inbox Ivy and Inbox Iris (estean3) · Inbox Jade and Inbox Jett (jonyu3)

Recent changes

Oct 12 — Four teams defined.

Oct 15 — Sipopedia build team set as Teddy, Lenny and Benny; SipChief divides the work instead of doing it all.

Oct 17 — GTM planner added (this app).
